

Academic Credit Transfer Form 2022-2023

Each student is required to enroll in a minimum of five Traveling School classes. Refer to The Traveling School's *Academic Overview & Course Descriptions* document for a detailed overview of each course. The Traveling School is not a four-year diploma granting institution and therefore cannot grant credit for work completed during a semester. The Traveling School's Supplementary Education Programs are accredited by the Accrediting Commission for Schools, Western Association of Schools and Colleges (ACS-WASC). Our accredited transcripts and school credits are accepted by private and public schools across the country.

Each school district approves Traveling School credit differently; it is important for the school counselor/registrar and student to understand how this school will approve credits. We recommend the student receive two semester credits for Global Studies and Physical Education and one semester credit for all other courses from their home high school. In the Notes column, mark whether a course will receive honors credit.

Questions for counselor and student to consider:

- What required courses, not offered through The Traveling School, does the student need to take? Can that course be taken before/after a Traveling School semester or through summer/online school options?
- Are there any additional requirements for a Traveling School course to earn credit? (Ex. Take a final exam or write a paper upon return to receive credit)
- Call the Traveling School office if questions arise: 406.586.3096

<i>Indicate which 5 (or more) classes you wish to take by circling how credit will transfer.</i>			
<i>Required courses:</i>	Credit Type		Notes:
Global Studies	CORE	ELECTIVE	
Physical Education & Independent Life Skills (<i>ungraded credit</i>)	CORE	ELECTIVE
